AN EXTRA SESSION

Of Congress Called if the Needed Legislation as to the Philippines is Not Passed.

SO SAYS THE PRESIDENT

A Message sent to Senate Yesterday Which Indicates the President Clearly Means Business.

WORK NOW OR WORK HEREAFTER

Washington, Jan. 25.—The president sent a message to the senate yesterday, which was quite a surprise. It urges legislation to cover the Philippine questions and indicates clearly that such legislation must be forthcoming or an extra session of the congress will follow. There is also an intimation that legislation in connection with the Cuban constitution is desired and must be had.

The message was accompanied by reports from the Philippines and Cuba which are explicit to the needs of legislation. There is but one idea and that is that the five weeks remaining of the present session is too far spent for the work designated in the message and an extra session must follow. The message is regarded as evidence that the president wants and will secure, if possible, just such action by congress as he thinks needed.

Congressman Richardson Alabama, will get Wheeler's law pay.

The house yesterday passed the army reorganization bill, also the navy bill, and a number of pension bills.

THREATENING FIRE.

THE J. J. BLEICH JEWELRY STORE DAMAGED LAST NIGHT.

Fire was discovered in the third floor of the J. J. Bleich jewelry store, 223 Broadway, about 8 o'clock last night. The blaze originated in a pile of pine boxes and rubbish in the third floor, probably from a defective fuse, as there had been no fire there.

Mr. Bleich and his family were at the home of Mr. Geo. Rock, Mrs. Bleich's father, attending a celebration of the latter's birthday, and the store had to be broken open before the firemen could extinguish the flames.

The building, owned by Mr. R. Rowland, will have to have a new roof and be otherwise repaired. The damage by fire and water to Mr. Bleich's stock of goods and household furniture will be between \$1,500 and \$2,000. The building is insured and Mr. Bleich had \$1,500 on his furniture and \$4,000 on his stock.

BUSINESS NEWS.

The Manufacturers are Having Good Runs and Enjoying Fine Business.

PAYROLLS ARE EXPANDING

Some Concerns are Paying Out Double the Amount Paid Several Years Ago.

TOBACCO MARKET—OTHER BUSINESS

Counter business with the banks was not so active the past week. Money, however, is in good demand. Clearings were good; the record for the past week is \$438,292.01.

The manufacturers, as a rule, are very busy at present and from indications this season will be a splendid one.

The Alden Knitting mills are receiving their machinery and will commence to install it at once.

The Paducah Brewery company plant is near completion and will start to brewing very soon. The plant is a splendid one—well equipped in every detail. The Messrs. Hoerber have made many friends during their brief residence here and will undoubtedly do a fine business from the start.

Unseasonable weather is having effect on retail trade. Some houses, however, report very satisfactory business.

The wholesalers report very satisfactory trade. Some of the houses are enjoying a big expansion in the volume of business at very satisfactory prices.

As an indication of the increase in trade of some of the manufacturing concerns the increase in the pay rolls is the best. The pay rolls of several of the local concerns are surprisingly large, especially so, too, in the increase over two and three years ago.

With a good number of them the pay rolls show from 50 to 100 per cent increase. This means a lot of money turned loose weekly and it is sure to be felt in the next few years while it is not appreciated now.

TOBACCO.

The offerings this week were all new tobacco, and again huge predominated, prices for which showed a slightly stronger tendency, otherwise the market was unchanged.

Loose tobacco continues to come in freely.

Inspector Miller reports as follows: Receipts for week, 174 hogheads. Receipts for year, 469 hogheads. Offerings for week, 58 hogheads. Rejections for week, 1 hoghead. Private sales for week, 7 hogheads. Sales for week, 64 hogheads. Sales for year, 198 hogheads.

ALLEGED ROBBERY.

Ed Moore, colored, was warranted this afternoon by Judge Sanders on a charge of robbery. James Miller, colored, is the complainant, and says he was asleep in a second street saloon when Moore "touched" him.

THE CASE IS OVER

Messrs Ferguson-Palmer and Co. Win the Big Breach of Contract Suit.

ELEVEN JURORS SIGNED

The Deering Harvest Company, of Chicago, Loses Its Case in the Circuit Court.

WAS ON TRIAL ALL OF THIS WEEK

The jury in the case of the Deering Harvest company, of Chicago, against the Ferguson-Palmer Lumber company, of the city, for \$20,000 damages for alleged breach of contract, this morning, after being out about two hours, brought in a verdict for the defendant.

This ended a hotly contested legal fight that began over a week ago. There were a dozen or more witnesses from other cities, and two prominent attorneys, Col. Howard, of Chicago, and Attorney Henry Colrick, of Ft. Wayne, Indiana, were for the prosecution and defense respectively.

Quigley & Quigley, of the city, were for the prosecution, and Major T. E. Moss for the defense.

Something of the magnitude of the case can be appreciated when it is said that the hearing of the evidence consumed almost a week.

The case and the verdict are a complete vindication for our home people, the Messrs. Ferguson & Palmer. The evidence showed that they had fulfilled their contract with the Chicago people almost to the letter, with the exception of some few thousand feet thrown out by the Deering company at Chicago. In short, the Chicago people had no case at all.

Eleven of the jurors were for the defendant, only one being for any kind of a judgment against them.

The damage suit of G. W. Davis against the Cohanus company for \$2,000 for alleged injuries, is now on trial.

Court adjourned at noon until Monday.

Chinese a Rural People. The people of China are a rural people. Their mines have not been developed, their means of commercial communication have not been improved for hundreds of years, but still remain in their ancient crudeness. It is therefore literally true that the vast population subsists upon the products of the soil. It is known now, from the results of modern scientific investigation, that China's supply of mineral wealth is second to that of no other land on the globe. Coal and iron, lead and zinc, salt and petroleum, not to mention gold and silver and precious stones, are known to exist in inexhaustible supply in the mountains and under the plains of this vast country, only waiting for modern progress to unearth.

"After my nerves were shattered by LaGrippe I had indigestion and stomach trouble in a very severe form. The least food caused intense pain in my stomach and between my shoulders. I lived on one cracker a day for three weeks, scarcely slept an hour and lost 25 pounds in weight. Dr. Miles' Nervine stopped the pain, quieted my nerves and brought sweet sleep. Three bottles cured me." Mrs. Jas. Lindsey, Montrose, Minn.

Dr. Miles' Nervine

quiets nervous irritation, soothes the excited brain and brings refreshing, healthful sleep. It stimulates the appetite, regulates digestion and builds up wasted tissues.
